 Re: Manufactured Home Homestead Exemption Survey for Tax Year 2011

This is a request for data on manufactured home property that was granted a homestead exemption for tax year 2011 (reimbursed in calendar year 2011). Manufactured homes taxed using depreciation schedules or taxed "like real property" should be included in your survey response. Please do not include converted manufactured home ("as real") property tax data; such data should be included in the HE-1 survey.

Please note the following:

- Number of recipients - include all approved applications, including those homeowners that converted from the previous (income-based) homestead exemption program to the new, expanded program. *Note: If specific figures for each homestead exemption eligibility criterion (disability, age, survivorship) are not available, simply enter the total number of homestead exemption recipients on the indicated line.*
- Reduction in taxable value - report taxable value (not true or market value).
- Reduction in taxes - for taxes payable in 2010 (from the annual settlement).
