Endnotes for Schedule B-4 – Bonus Depreciation and Section 179 Adjustment

¹ “Qualifying section 179 depreciation expense” means the difference between (i) the amount of depreciation expense directly or indirectly allowed to the taxpayer under I.R.C. section 179, and (ii) the amount of depreciation expense directly or indirectly allowed to the taxpayer under section 179 of the Internal Revenue Code as that section existed on Dec. 31, 2002 (see R.C. section 5733.04(I)(17)(a)(ii) as enacted by Amended Substitute House Bill 95, 125th General Assembly).

² If on the 2002 or 2003 franchise tax report the taxpayer made a 5/6 bonus depreciation add-back and allocated all or a portion of that add-back to Ohio in Schedule C (because, for example, all or a portion of the add-back was attributed to property that generated rental income which the taxpayer allocated to Ohio on those franchise tax reports), then for the five tax years following the

add-back year the taxpayer is entitled to allocate to Ohio the bonus depreciation deduction on that same equipment even if that same rental property generates apportionable business income on the current year’s report.

Similarly, if on the 2002 or 2003 franchise tax report the taxpayer made a 5/6 bonus depreciation add-back and allocated all or a portion of that add-back outside Ohio in Schedule C (because, for example, all or a portion of the add-back was attributed to property that generated rental income which the taxpayer allocated outside Ohio), then for the five tax years following the add back year the taxpayer is required to allocate outside Ohio the bonus depreciation deduction on that same equipment even if that same rental property generates apportionable business income on the current year’s report.
