Filing Instructions

Completing this table factors in the decrease in listing percentage to accurately portray the actual difference in true value within a taxing district that is not attributable to the decrease in listing percentage.

This form is required to be filed with the auditor of each affected county when there has been an increase (or decrease) in value of \$500,000 or more in a taxing district by a business entity (Column 6). The increase or decrease in value shall be determined by comparing the current year's values, restated to reflect the decrease in listing percentage, to last year's values.

The County Supplemental Return must be filed with the auditor of each county affected at the same time the Inter-County Corporation Return of Taxable Property is filed with the tax commissioner. Additional copies of this form may be reproduced or obtained from the tax commissioner or county auditors. Failure to receive blank forms does not excuse a taxpayer from timely filing all required returns.
