1. Enter the amount of the Ohio school district income tax that you withheld in the School District Tax Due column on the applicable line for each district.
2. Total all school district tax due amounts and enter the total in the Total Tax Due box.
3. You may adjust for overpayments or underpayments by reducing or increasing the tax due for the same district. An overpayment cannot be applied from one district to another district on SD 101. Therefore, do not show negative amounts. Any remaining overpayment can be used on your next SD 101 to reduce the tax due for the same district. Keep track of your overpayment amount for each district on the School District Withholding Adjustments Worksheet (SD 101 ADJ WS).
