

Insurance Tax – Domestic

Taxpayer

The tax is paid by insurance companies organized under Ohio law.

Tax Base

The tax applies to the gross amount of premiums from policies for Ohio risks by insurance companies organized under Ohio law.

Rates

The tax rate is 1.4 percent of gross premiums. The minimum tax is \$250.

Major Exemptions

The tax does not apply to annuities, deposit-type life insurance contract funds, Medicaid, Medicare Part D, the government-paid portion of Medicare, or federal crop insurance.

Revenue (In Millions)

Fiscal Year	General Revenue Fund	Other ¹	Total
2004	\$166.1	\$4.4	\$170.5
2005	171.4	4.7	176.1
2006	170.4	3.7	174.1
2007	169.6	2.8	172.4
2008	154.6	4.7	159.3

Disposition of Revenue

Revenue is distributed to the General Revenue Fund, except for revenue from an additional 0.75 percent tax on fire insurance (see **Special Provisions**), which is distributed to the Fire Marshal Fund.

Payment Dates

The Director of the Ohio Department of Insurance certifies the tax liability of each insurance company to the Ohio Treasurer of State by the first Monday of May. Within 20 days, the Treasurer issues a tax bill with payment due 20 to 30 days from the date the tax bill is mailed.

The tax year is defined as the year in which the tax returns are due. Tax liabilities are based upon the previous year's business activity.

¹ The "Other" category includes distributions to the Fire Marshal Fund and the Attorney General Claims Fund.

Special Provisions/Credits

Credit for smaller insurance groups:

Insurer groups with less than \$75 million in total U.S. premiums are eligible for a credit of up to \$200,000 against annual tax liability. The closer groups get to the \$75 million mark, the lower the value of this credit.

Ohio Life and Health Guaranty Association credit:

Insurance companies receive a tax credit for the full amount of assessments paid into the Ohio Life and Health Guaranty Association. By law, insurance companies are required to be members of the association, a not-for-profit association created by Ohio law, as a condition of transacting business in Ohio. Should a member become impaired or insolvent, the other members are assessed by the association at a rate of up to 2 percent of gross premiums to protect policy holders of the impaired or insolvent insurers.

Health insurance corporations:

Domestic insurers that are health insurance corporations are taxed at the rate of 1 percent of all premium payments, excluding payments received for Medicaid, Medicare Part D, and the government-paid portion of Medicare.

Fire insurance tax:

An additional 0.75 percent tax is levied on the gross premiums derived from fire insurance and that portion of the premium reasonably allocable to fire insurance included in other coverages.

Sections of Ohio Revised Code

Sections 5725.18 to 5725.24, 5725.31, 5725.32, 5725.98, 5729.031, and 3737.71.

Responsibility for Administration

Director, Ohio Department of Insurance.

History of Major Changes

- 1830** General Assembly enacts a 4 percent tax on dividends paid by insurance companies.
- 1831** The 4 percent tax is repealed; legislature enacts 5 percent tax on the dividends of "bank, insurance and bridge companies."
- 1846** Legislature increases tax to 6 percent on gross profits.
- 1852** New Ohio constitution requires the taxation of all real and personal property according to uniform rule, and that corporation property be subject to taxation, same as for individuals. Legislature requires all insurance companies to list real property, tangible property, money and credits for taxation as property.

- 1900** Legislature enacts a 0.5 percent tax on the gross premiums of all insurance companies to support the state fire marshal office. Two years later, lawmakers limit this tax to fire insurance companies.
- 1933** General Assembly replaces tax on the personal property of insurance companies with a franchise tax on either 0.2 percent of capital and surplus or 1.67 percent on gross premiums, whichever is less.
- 1971** Legislature increases rates to either 0.3 percent of capital and surplus or 2.5 percent on gross premiums, whichever is less.
- 1979** Legislature replaces 0.5 percent tax on fire insurance gross premiums with a new 0.75 percent tax.
- 1981** Legislature increases tax rate on capital and surplus to 0.6 percent.
- 1989** The Ohio Life and Health Guaranty Association is established, along with a 100 percent tax credit for assessments paid by participating insurers.
- 1997** General Assembly enacts House Bill 215, which gradually phases in several major changes between 1999 and 2003. Changes include:
- A gradual reduction in the gross premium tax rate from 2.5 percent to 1.4 percent.
 - A gradual elimination of the capital and surplus tax base.
 - A minimum tax of \$250 (instead of \$200).
 - An expansion of the tax credit for smaller insurer groups to include those with less than \$75 million in U.S. premiums. Previously, the limit had been \$50 million.
