Answers to Common Questions

What should I do if I have already filed my SD 100 for this tax year?

If you are receiving this notice, the Department did not receive the return you attempted to file. Please verify that your social security number is correct on the return you filed. If it is incorrect, inform us in writing of the correct social security number by sending it to the address listed on this notice.

If you believe you filed your SD 100 with the correct social security number, please respond with a copy of this notice and the following items:

- A copy of the SD 100 you filed; and
- W-2s and 1099s with school district withholding for the school district listed on the return.

What documentation should I submit with my return(s) as proof of my tax withheld?

When filing a return by paper, you must submit legible copies of all income statements (W-2s and 1099s) showing the Ohio and/or school district withholding that you claimed on the return. **Income statements that are handwritten, self-created, or generated by your tax preparation software are not acceptable proof of your withholding.**

If you file your return electronically, you are not required to send any income statements to the Department upon filing. If the Department needs to verify the information on your income statements, you will receive a request by mail for documentation.

Who is subject to the school district income tax?

Any individual (including retirees, students, minors, etc.) or estate that **receives** income while a resident of a **taxing school district** is subject to school district income tax. Individuals who work, but do not live, in a taxing school district are not subject to the district's income tax.

See R.C. [5748.01\(G\) and \(H\)](#).

How do I determine if I lived in a "taxing school district"?

You are a resident of a school district if you are a resident of Ohio and your primary residence is in the school district. Items such as your voter registration, driver's license and vehicle registration can help determine your primary residence.

To determine your school district and its tax rate, input your address and the appropriate date based on the tax year listed on this notice into "[The Finder](#)" at tax.ohio.gov.

What if I cannot pay the total amount due when filing?

The Department is not authorized to set up a payment plan. However, any payments submitted **with or after filing your SD 100** will be applied to the outstanding balance. Such payments will not stop the Department's billing process.
